

# REDUCING THE CARBON IMPACT OF ELECTRICITY CONSUMPTION

Brussels,  
Belgacom Towers,  
January 23rd,  
9.30 to 11.30

*The impact of electricity purchases on carbon emissions  
with Pedro Faria, Technical Director, Carbon Disclosure Project*

## Issues

- The European market of green electricity
- Carbon emissions of electricity purchases: what's the problem and who is working on it
- Carbon Disclosure Project (CDP) and reporting under CDP
- Position of European stakeholders (NGOs, electricity sector...)

There will be a lot of opportunities for questions and suggestions.

Representatives from different stakeholder groups will be present to participate in the debate

(e.g. RECS International, EKOenergy...)

## About the Carbon Disclosure Project (CDP)

CDP requests information on greenhouse gas emissions and energy use from thousands of the world's largest companies.

CDP works with 655 institutional investors holding US\$78 trillion in assets to help reveal the risks from climate change and water management in their investment portfolios.

Some 50 purchasing organizations such as Dell, PepsiCo and Walmart are using the global CDP system to mitigate environmental risks in their supply chains.

See <https://www.cdproject.net>

## Organisation

**EKOenergy**

[www.ekoenergy.org](http://www.ekoenergy.org)

**natuurpunt**

[www.natuurpunt.be](http://www.natuurpunt.be)

## Location

Belgacom Towers, Koning Albert II laan -  
Boulevard du Roi Albert II, 27, Brussels  
(Next to North Railway Station)

## Registration

Send your name and organisation to  
[Steven.Vanholme@sll.fi](mailto:Steven.Vanholme@sll.fi)

Your registration is only valid after you got a confirmation e-mail.

## Also note

after this event, participants have the opportunity to:

- to stay at the location and to exchange ideas with other attendees.
- to join the public hearing at the European Parliament about 'Consumer information on the Green electricity market' (12.30-15.00, registration obligatory, registration for the morning event does not by itself imply a registration for the afternoon event. Contact [steven.vanholme@sll.fi](mailto:steven.vanholme@sll.fi))
