

Seminar

Bad Nauheim, 27 November 2013

Location: Dolce Hotel & Resort
Time: 13.30 - 16.30
Chairman: Peter Niermeijer

What is the seminar about?

RECS International has a strong focus on the voluntary market for renewable energy. We at RECS International believe that the position of the energy consumer needs to be strengthened and rules for disclosure needs to be further developed. We therefore strongly support the RE-DISS project in their attempts in formulation the Best Practice Recommendations (BPR) for competent bodies. The RE-DISS project has come up with a number of issues RECS International would like to discuss with their members.

The Seminar is structured along the open issues. Because of the complexity each issue shall be further explained and for each issue the RECS members will be asked to comment or even give direction for solutions.

<p>Programme</p> <p>Disclosure Best Practise Recommendations</p> <p>Open discussion points BPR RE-DISS</p>	
13.30 hours	<p>Opening and welcome by moderators Peter Niermeijer, Secretary General RECS International</p>
