Lunch

13:30 hours

Introduction and welcome Claes Hedenström, chairman RECS-I

- Why this seminar
- What is on the agenda

MS 12 / 02

13:40 hours

RECS International Peter Niermeijer, Secretary General RECS-I

- Organisation of RECS International
- Activities of RECS International
- What does this mean for the French Market

14:00 hours

Questions and discussion

Some active French RECS members are asked to make a statement why they are member and how they benefit from membership of RECS International.

15:00 hours

Coffee break

15.:30 hours

Future of RECS in France Pierre Picard, Board member RECS-I

After having a good picture of how RECS International is operating and what their activities are, we will discuss this second part of the seminar how RECS I can contribute in developing a market for renewable energy in France. For this discussion a number of issues will be presented. You can think of:

- Strengthen the French GO system and get it linked to the rest of Europe
- Discuss the Best Practice Rules for Disclosure
- Carbon accounting in relation to GHG Protocol
- Criteria for sustainability and additionality
- Introduce a standard for renewable electricity (RES-E)

(Please note that it is not yet sure which topics will be covered. This will also depend on input from our active French RECS-members.)

17:30 hours **Wrapping up the meeting**

18:00 hours **Closing and Aperitif**

20:00 hours All participants are invited for dinner

You are also invited to attend the (open) Board meeting which will take place at this hotel as well, tomorrow, 14 September 2012, 08.30 hours.
